About This Guide

We believe every student can learn and experience success. One of the ways we help students learn and succeed is to carefully evaluate their achievement and growth, and to share that information with parents and guardians.

This guide will help parents and guardians understand:

- assessment;
- the responsibilities of students, staff, and parents and guardians;
- how and when achievement information will be communicated or reported;
- how marks and grades are determined; and
- the steps taken when summative assessments are missing or incomplete.

Parents and guardians are the key influences in a child's life. Understanding how a child is achieving in school and how to support that achievement is integral to success in school. Parents and guardians are encouraged to read this guide and contact our school's administration with any questions or if further information is required.

What Is Assessment?

Assessment is the process of collecting and communicating information about student achievement. In essence, assessment informs students, teachers, and parents about what students have learned and how well they have learned it. Teachers regularly gather information about students' learning through a variety of assessment tools. These tools can include conversations, observations, the submission of student work, and tests or quizzes. Through these feedback opportunities, teachers determine students' areas of strength, and the areas in which students may need more time or practice. All of these opportunities allow teachers to give parents and guardians a clear and accurate picture of student achievement and growth.

Assessment is based on the knowledge and skill areas outlined in the Alberta Programs of Study or a student's Instructional Support Plan (ISP). Teachers do not use a child's behaviour, effort, or work habits to determine grades or marks unless otherwise stated in the Alberta Programs of Study.

Supporting Student Achievement and Success

In alignment with the [Education Act](#), students, teachers, parents, and guardians all have roles to play in supporting and helping students experience success in school.

Students have a responsibility for their own learning and are expected to:

- attend school every day and be on time;

- complete assignments, projects, and tasks to the best of their ability;
- participate in activities that celebrate learning;
- consistently demonstrate their learning; and
- take advantage of opportunities to revise or redo assessments to demonstrate their learning.

Teachers will help students succeed by:

- providing appropriate programming for each student;
- clearly explaining what is expected of each student and how student work will be assessed and reported;
- ensuring students have multiple opportunities and ways to demonstrate their learning;
- giving students the opportunity to redo/complete missed assessments and activities;
- keeping detailed, accurate information describing student successes and challenges;
- providing timely and ongoing communication with parents/guardians, students, and school administration.

Parents and guardians can support a student's learning by:

- working in partnership with school staff;
- providing time and a place for children to practice and complete assigned work at home;
- ensuring regular school attendance;
- staying informed about school events and keeping in touch with school staff;
- regularly accessing student assessment information via PowerSchool; and
- attending Parent-Teacher-Student conferences/interviews.

Instructional Support Plan (ISP)

Elk Island Public Schools (EIPS) is using the Instructional Support Plan to support programming for students with diverse learning needs. An ISP may be created for students with identified learning needs in Early Childhood Services (ECS) to grade 12. The ISP process aligns with Alberta Education initiatives and supports the success of each and every student.

Parents and/or guardians of students recommended to have an ISP to support his/her learning during the 2021/2022 school year will be contacted by the school in September or early October.

Features of EIPS' new ISP that help make a student's programming more effective include:

- ways in which a student likes to learn which allows teachers to focus on a student's strengths and interests.

- class-wide and more student-specific strategies that increase learning opportunities for all students.
- an online format making the creation, updating, and communication of ISPs more efficient with a plan is for the ISP to become available online to parents in the future.
- scheduled meetings with parents during the course of the year during which ISP goals and student progress is shared and discussed.

Course Outlines

Information about the Alberta Curriculum can be accessed from Alberta Education's, [My Child's Learning - A Parent Resource](#). Further specific details about course content can be provided by the classroom teacher.

Specific details about subject topics and content along with approximate timelines will be provided by the classroom teacher at the beginning of the school year. Teachers will provide all students with information related to their classroom which will include course outlines and approximate timelines. This may be shared in a variety of ways: parent letter, teacher newsletter or an electronic source such as the teacher's microsite which is accessed via the school website. Teachers may provide information and links on their websites and blogs. Please contact your child's teacher directly should you not receive or are unable to locate subject specific information.

Determining Report Card Grades

Teachers consider multiple sources of evidence and use professional judgment to determine the report card grade.

Formative Assessments

Throughout the year, students will be given opportunities to participate in or work on many activities which will help them improve their knowledge and skills. These practice assignments, projects, or other activities demonstrate to teachers the areas in which students need more practice and where students can improve. These are called *formative* assessments. Teachers use formative feedback to help guide their instructional plans and to offer students more ways in which they can demonstrate their learning.

Summative Assessments

Summative assessments provide students with formal chances to "show what they know". Using professional judgment, teachers consider summative assessments, observations, and conversations with students in determining report card grades.

Final summative assessments in secondary core subjects provide students with the opportunity to demonstrate their learning at the end of a course. In exceptional circumstances alternative final summative assessment arrangements may be made in consultation with school administration.

Missing, Incomplete, or Resubmitted Student Work

As outlined in Administrative Policy 360, principals work with their teachers to ensure:

- A. teachers collect reliable and valid evidence that supports their judgment about students' achievement. Teachers may choose to exclude assessments that are inconsistent with the teacher's professional judgment;
- B. students are offered opportunities to redo and resubmit summative assessments;
- C. communication plans for reporting student achievement and growth to parents/guardians/students are developed and aligned with school-wide assessment and intervention plans;
- D. students have been given multiple opportunities and ways to demonstrate learning;
- E. teachers engage in ongoing, timely communication with parents/guardians/students and the principal regarding missing or incomplete work;
- F. follow up has occurred to determine the reason why a summative assessment (assignment, test, project, etc.) is missing or incomplete, and that opportunities are provided for the student to resubmit and/or fulfill the requirements of the summative assessment (assignment, test, project, etc.);
- G. once the student has been given opportunities to resubmit summative assessments, but does not submit missing or incomplete summative assessments, the student and parents/guardians are informed and the teacher, in consultation the student and student's parents/guardians will determine a plan to hold the student accountable and/or plan for further learning;
- H. the teacher, in consultation with the principal, uses professional judgment to determine the impact of the missing or incomplete assignments on the student's grade;
- I. that provided the preceding have been followed, the teacher may assign the student a mark of zero for that missed summative assessment item (assignment, test, project, etc.).

Within a reasonable timeframe, every opportunity will be given for elementary students to complete and submit homework, assignments and assessments. Parents will regularly be made aware of any incomplete homework or assignments via notes in the student agenda, email updates or phone calls. Students are encouraged to submit all work promptly. Consultation between the student, teacher and parent will determine the plan to redo work or assessments within a specified and reasonable timeframe. Should every attempt have been made, and outstanding homework, assignments or assessment remain, a mark of zero will be recorded.

Assessment in Kindergarten

Teachers collect varied assessment evidence throughout the year by observing children in action, by discussing children's learning with them and by examining children's products. Teachers create records of assessment evidence in a variety of forms, including notes, checklists, rating scales, photos and videos. As well, teachers may retain direct evidence in the form of samples of children's work and digital copies.

Teachers will communicate children's progress to parents throughout the year in a variety of ways. One final report card will be issued at the end of the school year.

Kindergarten to Grade 6 Achievement Scales

GRADING SCALE Academics		
5	<ul style="list-style-type: none"> Excelling in learner expectations Applying concepts in new or unique learning situations Independently using skills and strategies 	Meeting expectation
4	<ul style="list-style-type: none"> Meeting learner expectations Applying concepts in new learning situations With minimal support, using skills and strategies 	
3	<ul style="list-style-type: none"> Meeting learner expectations Applying concepts in familiar learning situations With reasonable support, using skills and strategies 	
2	<ul style="list-style-type: none"> Approaching learning expectations Applying concepts when rehearsed and highly structured With high levels of support, using skills and strategies 	Below expectation
1	<ul style="list-style-type: none"> Below learning expectations Having difficulty applying concepts even when rehearsed and highly structured Despite high levels of support, is having difficulty using skills and strategies 	
U	Unable to assess	
N/R	Not reported	
ISP	Refer to student's ISP	

GRADING SCALE Learner Attributes		
4	Independently "Consistently..."	Meeting expectation
3	Little support required "Often..."	
2	Reasonable support required "With prompting..."	
1	High levels of support required "Inconsistently..."	Below expectation

Academic Integrity

All students are expected to behave ethically. Cheating, plagiarism (copying someone else's work and passing it off as one's own), copying, stealing tests or assignments and/or getting answers for a test or assignment in advance are not acceptable. Unethical behavior also includes giving answers or work to others to claim as their own.

If a student is suspected of unethical behavior, school administration will meet with the student and take action in accordance with [Administrative Procedure 350 - Student Conduct](#).

Reporting Student Achievement

Communication with parents and students about student achievement will be continuous throughout the year. Communication may include parent-teacher or parent-student-teacher conferences/interviews, portfolios of student work, student-led conferences, interviews, phone calls, checklists, and informal reports.

Reporting Periods

Students in Grade 1-6 will be notified of access to their child's report card via the PowerSchool Parent Portal on the following dates for the current school year:

November 26, 2021

March 18, 2022

June 28, 2022

Kindergarten students will receive access to a progress report by **November 26, 2021**, after the parent/student/teacher conferences scheduled in October. A second progress report will be issued by **March 18, 2022** prior to parent/teacher/student conferences which are scheduled before Spring Break in March. A year-end Kindergarten report card can be accessed by parents via the Parent Portal by **June 28, 2022**.

Conferences/Interviews

School conference times are booked by the parent using an online booking system. Information and a booking code will be sent home to parents about 2-3 weeks prior to the conference dates.

Kindergarten and Grade 1-6 Conferences are scheduled for the following dates:

November 1st thru 3rd , 2021 from 3:30 p.m. to 5:30 p.m.

- PALS will be scheduling individual meetings with their students parents to review programing and student needs as successes.
- Kindergarten to 6 classrooms will follow a more traditional meeting format, one on one with the student, parents, and teacher. These are scheduled as individual, short blocks of time about 10 minutes. A formal report is issued about six weeks after these conferences.

February 22nd thru 24th, 2022 from 3:30 p.m. to 5:30 p.m.

- This set of conferences is a more traditional meeting format, one on one with the student,

parents, and teacher. These are scheduled as individual, short blocks of time about 10 minutes.

Parents are always encouraged to meet with the classroom teacher at any time to discuss their child's progress. It is not necessary to wait until formal conference times to discuss any questions or concerns.

Should any of the conference times not meet your schedule, please contact the homeroom teacher to make alternate arrangements.

Grades/Marks Appeal Process

To appeal a grade a student has been given, parents or students are encouraged to contact the classroom teacher. If the appeal cannot be resolved with the teacher, the parent or student shall appeal to the principal who will make and communicate the final decision. A principal's authority to rule on such appeals is set out in the [Education Act](#). [Administrative Procedure 391](#) outlines specific appeal process dates.

The Role of External, Large Scale Assessments

Alberta Education mandates that Student Learning Assessments, Provincial Achievement Tests, and Diploma Exams be administered each school year. Results from these assessments provide school divisions with information about student learning and achievement.

Provincial Achievement Tests (PATs)

[PATs](#) measure how well students demonstrate what they are expected to learn. School and division results are shared publicly to show how Alberta grade six and nine students are doing compared to provincial standards. Results from PATs help schools, school authorities and the province monitor and improve student learning. Note that if students require accommodations in order to write PATs (scribe, reader, assistive supports), students should have an ISP in place which identifies the use of the accommodation throughout the course of the school year.

Students who are absent for the scheduled PAT writing will write when they return to school, provided the exams have not yet been returned to Alberta Education. After that time, students will not be able to write the exams. With the permission of the Superintendent or his/her designate, students may be allowed to write PATs early. Students may, through special arrangement with the teacher, write Final Exams other than PATs outside the official exam schedule.

While PATs are an important part of determining student growth and achievement, they are only one part of the assessment process.

According to Alberta Education:

- The achievement tests address only those learning outcomes that can be readily assessed by a paper-and-pencil or digital test.
- The clearest picture of students' growth and development is gained when a wide variety of assessment information is considered. The achievement tests provide part of the picture.

Alberta Education expects schools to report the scores from Grades 6 and 9 PATs.

For the 2021-2022 school year, Alberta Education has permitted school districts to set their own Provincial Achievement Test schedules. The [PAT Test Schedule for 2021-2022](#) outlines significant dates for PAT administration schedules.

Our schools Grade 6 PAT dates are as follows and may differ from other Elk Island Public Schools:

May 18, 2022 - English Language Arts Part A Writing

June 20, 2022 - English Language Arts Part B Reading

June 22, 2022 - Mathematics Part A and Part B

June 23, 2022 – Science

June 24, 2022 - Social Studies

Four-Year Education Plan/Priorities

Priority 1: Promote growth and success for all students

GOAL 1 EXCELLENT START TO LEARNING

Outcome: More children reach social, intellectual, and physical developmental milestones by Grade 1.

GOAL 2 SUCCESS FOR EVERY STUDENT

Outcome: More students are engaged in school and achieve student-learning outcomes.

Outcome: More students achieve a minimum of one year's growth in literacy and numeracy.

Outcome: Self-identified First Nations, Métis and Inuit students and English Second Language students are demonstrating growth and achievement.

Outcome: More students are supported and prepared for life beyond high school.

Priority 2: Enhance high-quality learning and working environments

GOAL 1 POSITIVE LEARNING AND WORKING ENVIRONMENTS

Outcome: The Division's learning and working environments are welcoming, inclusive, respectful and safe.

GOAL 2 QUALITY INFRASTRUCTURE FOR ALL

Outcome: Student learning is supported through the use of effective planning, management and investment in Division infrastructure.

GOAL 3 A CULTURE OF EXCELLENCE AND ACCOUNTABILITY

Outcome: The Division uses evidenced-based practices to support and enhance the quality of teaching, learning and leading.

Priority 3: Enhance public education through effective engagement

GOAL 1 PARENTS ENGAGEMENT

Outcome: Student learning is supported and enhanced by providing meaningful opportunities for parents to be involved in their child's education.

GOAL 2 ENGAGED AND EFFECTIVE GOVERNANCE

Outcome: The Division is committed to engagement and advocacy to enhance public education.
