

Pine Street Elementary Principal's Message - October 2021

Thank you to all the students, staff and parents who have helped make the start of this year so positive. The enthusiasm and energy shown by all is truly inspiring especially in these unique times with Covid. Our students are well on their way learning all the great new things they are needing to learn this year and we are trying our best to help those with learning gaps from the previous year get back up to speed.

We have already completed numerous activities at the school including Meet the Teacher Night, School Advisory Council Meeting, and the Terry Fox Run where we raise over \$2000 for cancer research. We enjoyed meeting many of you at these special events and look forward to working with you to further your child's educational goals.

With the fall season coming upon us so quickly here are a few little reminders to help us provide the best care we can for your children.

- Please be sure your child has warm clothing before they leave for school.
- Please make sure your child has a pair of indoor and outdoor shoes.
- Thank you for sending a spare clean mask each day in their backpack.
- Please remember we are a litter-less lunch school so please use reusable containers where possible.

Our Parent Teacher conferences are fast approaching November 1, 2, and 3. This is a great time where we can come together and share each other's insights to help your child be as successful as possible. At Pine Street Elementary we believe that parents, student, and teachers are partners working together collaboratively for the benefit of our student's success.

Have a super October and remember to enjoy the fall with its colorful changes. Thank you for your continued support.

All families are encouraged to contact the school if they have any questions, concerns and/or suggestions. We appreciate your input.

Mr. Tracey Arbuthnott,
Principal

TIPS FOR PACKING A HEALTHY SCHOOL LUNCH

GET THE KIDS INVOLVED

Give your kids healthy food options from each food group and let them make the final decisions on what goes in their lunch.

Take your child grocery shopping with you and let them have a say (to a certain extent) in what goes into the cart. This promotes feelings of responsibility and empowerment.

Designate a part of your kitchen as the "lunch packing station" and spend some time there with your kids the night before to get lunch ready for the next day.

ENCOURAGE HYDRATION

It's recommended that school-aged kids drink between 6-8 cups of water a day (even more in hot weather or if their activity level is high).

Let your child pick out their favorite water bottle and encourage them to drink the whole thing at least twice at school. They'll be more inclined to do it if they feel like they are completing a challenge!

If the "flavor" of water is too boring for them, throw in a few pieces of frozen fruit to sweeten it up and keep it cooler.

MAKE YOUR OWN SNACKS & LIMIT PROCESSED ONES

Kids rely on snacks to keep their energy up, but the type of snack is important to consider. Packaged snacks tend to lack important nutrients and can be high in sugar, sodium and saturated fats. Take control of what is in your kids' snacks by making them yourself!

NO BAKE ENERGY BITES

ANTS ON A LOG

FRUIT LEATHERS

YOGURT COVERED RAISINS

TURN HEALTHY FOODS INTO FUN FOODS

Use cookie cutters to make shapes out of bread, deli meat, cheese, or a melon-baller for fruit.

Use kid-friendly skewers to make colorful food kebabs.

Create a lunch theme for the day and have all of the foods in their lunch relate to the theme (i.e. pirate theme, rainbow theme, etc).

INCORPORATE ALL FOOD GROUPS

A balanced diet includes all of the food groups. Use MyPlate as a visual to help you structure what should go into your child's lunch. Luckily, there are so many different ways to enjoy each food group.

FRUIT

Fresh, frozen, dried, canned, baked (think apple chips!) or pureed.

VEGETABLES

Fresh, frozen, or baked (think kale chips!)

LEAN PROTEIN

Baked chicken, deli meats, hard boiled eggs, beans or nuts (make sure you're aware of nut allergy regulations at your child's school).

LOW-FAT DAIRY

Milk, cheese or yogurt.

WHOLE GRAINS

Pita, sandwich bread, tortillas, wraps, and pastas.
